

# Reception Class Round-Up

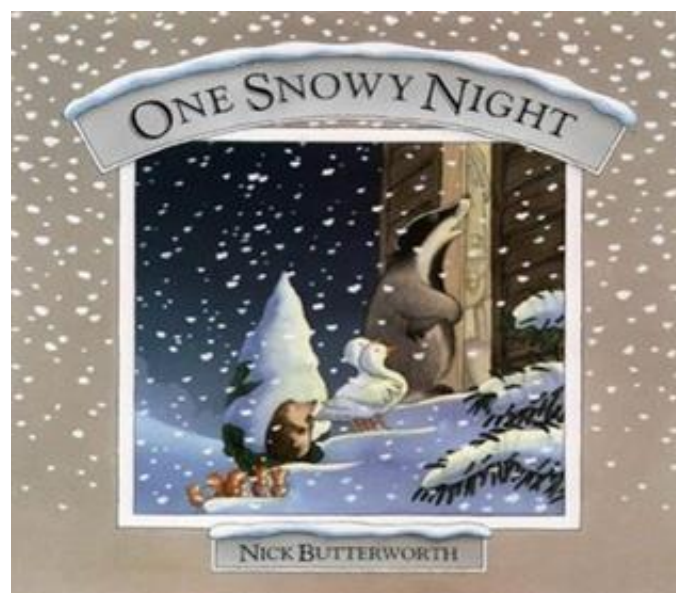

16 February 2018

Some of the things the children have been learning.....

We have continued to practise our doubles to 20 and started to learn to read o'clock times on clock faces.

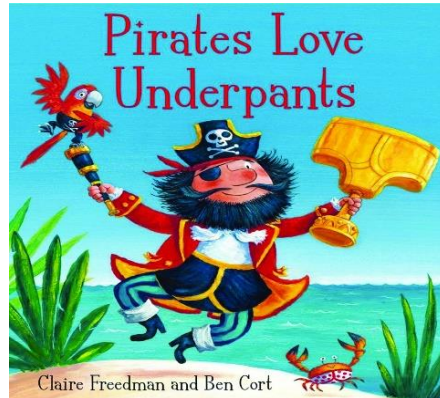

We have used the story 'One Snowy Night' to inspire our learning in literacy. We have written about what we do to feel cosy, labelled animals and sequenced the story.

## Some of the things the children will be learning after half term...

We will be starting an exciting new topic all about 'Pirates' and setting sail on some new learning adventures. We will have daily 'treasure challenges' that will be rewarded with golden coins and even finding out why pirates love underpants!

### How to help your child at home...

Practise telling o'clock times. Talk about how many hours there are in a day and how many minutes in an hour.

Encourage the children to keep a simple holiday diary to share on their return to school. This could be a few photos or scrap book type journal.

In phonics we have been introduced to blends...

st as in stamp and nest

nd as in sand

mp as in jump

### What's going on next half term/notices/information...

Some children have words to practise for 'The Bee Musical.' Please help them to learn their parts using loud clear voices.

A number of children who are on the milk list are reluctant to drink their milk. Please talk to your child regarding this as a lot seems to get wasted.
