

Reception Class Round-Up

Friday 28 June 2019

Some of the lovely things the children have been learning...

The highlight of last week was our trip to Stratford Butterfly Farm. It reinforced our learning about how a caterpillar grows and changes and the children could see the different stages in the life cycle first hand. Not only was our guide very impressed with the children's knowledge but also their behavior, which was impeccable. It was a pleasure to take them as little representatives of Crescent School.

Reception Class Round-Up

Friday 28 June 2019

Some of the things the children will be learning in the final few days...

We will be completing our work on life cycles. We will be using our baby photos to play 'Guess Who?' and going on a mini beast hunt outside. We will be reflecting on the past year and talking about our aspirations for Class 1.

In phonics we have revised diagraphs...

Regular and irregular key words

Tricky words

How to help your child at home...

- Take a trip to the library and share some books. Many libraries will offer summer activities and challenges that appeal to young children.
- Encourage the children to write a diary, Mrs Emery would be very impressed!
- Most importantly, have fun!

Thank you:

This is the final 'Round Up' this academic year- it's hard to believe where the year has gone! Thank you for all of your continued support and for making this year such a special one.
